

**Faculty position in Department of Animal Science and Technology,
National Taiwan University**

Department: Department of Animal Science and Technology

Position: Assistant professor or higher levels

Qualification: Ph.D.

Job type: Full time in teaching, research and extension service

Vacancy: 1

Submit deadline: July 25, 2023

The Department of Animal Science and Technology at National Taiwan University invites applications for one faculty position in Animal Physiology and Behavior which is expected to start on August 1, 2024. This vacancy is a tenure-track position at the Assistant Professor or higher level. Applicants specializing in “Animal physiology”, “Animal endocrinology”, or “Animal behavior and welfare” are the main targeted candidates; additional research experience in “Animal anatomy and physiology” or “Companion animal science” are even more preferred.

The position requires a Ph.D. degree while applicants with a postdoctoral or teaching experience will be preferentially considered. The applicants are responsible to teach at least one of following courses: Anatomy and Physiology of Animals and Lab, Animal Behavior and Welfare, Animal Endocrinology, or Companion Animal Science; meanwhile, must open at least one compulsory or selective course delivered by English per academic year.

Applicants must submit:

- Cover letter with clear indication of preferred position rank.
- Curriculum vitae. The research publication list should include one representative work within 5 years (no earlier than August 2019 and no research note, brief report or review article) and the remaining publications should be within 7 years (no earlier than August 2017).
- 3 recommendation letters.
- Outlines of offering courses with syllabus.
- Summary of research interests.
- A photo copy of the Ph.D. diploma (Foreign diploma should be authorized by Taiwan Embassy).
- Other supplementary documents.

Submitting by post mail or electronic mail is acceptable.
