Qualification: Ph.D.

Job type: Full time in teaching, research and extension service

Vacancy: 1

Submit deadline: October 15, 2024

The Department of Animal Science and Technology at National Taiwan University is seeking applications for a faculty position. The anticipated start date for this position is August 1, 2025. The vacancy is a tenure-track position at the Assistant Professor or higher level. We encourage applications from candidates specializing in either “Ruminant Science” or “Animal Reproductive Technology.”

The applicants are required to have a Ph.D. degree, and those with postdoctoral training or teaching experience will be preferred. The applicants are mandatory to teach at least one of the following courses: Dairy Science, Livestock Farm Practical Technology, Animal Behavior and Welfare, Animal Reproduction, or Micromanipulation of Embryos and Stem Cells. The qualified applicants must also offer at least one course conducted entirely in English every academic year.

Applicants must submit:

1. Cover letter with a clear indication of preferred position rank.
2. A photocopy of the degree certificate (For a foreign diploma, the photocopy must be verified by the Bureau of Consular Affairs of the Ministry of Foreign Affairs, Republic of China, to ensure it is consistent with the original) and other information on academic experience (Paper or electronic file).
3. One representative publication in past 5 years is mandatory (Publication date must be after August 2020) (Electronic file).
 - (1) The representative publication can not be research notes, brief reports, or review articles.
 - (2) For journal articles as representative publication, the journals must be indexed in SCI or SSCI.

- (3) The applicant must be the first author or corresponding author in the representative publication. As a co-author of the representative publication, the co-author certification should be provided (<https://reurl.cc/RqNNV9>).
- (4) Applicants for an Assistant Professor position may use their Ph.D. dissertation as their representative publication.
4. The publication list for past 7 years must include the publications after August 2020. All accepted but unpublished must be accompanied by official acceptance letters from the publishers (Electronic file).
5. Three recommendation letters are required and should be directly sent by the referees either electronically or in hard copy to the Department of Animal Science and Technology, National Taiwan University (Email: ihchen@ntu.edu.tw).
6. Outlines of the course syllabus should be provided (Electronic file).
7. Any other supplementary documents for review should also be included (Electronic file).

A submission via post mail or electronic mail is acceptable.
